## **FixtoFlip Inc Launches Online Community for Real Estate Flippers**

*Fixtoflip.com is the first online community to offer comprehensive tools and resources to residential real estate flippers and service providers.*

**Glenmoore, PA – May 1, 2007** – FixtoFlip Inc, a new community that provides the tools and resources to fix and flip residential real estate profitably, announced Tuesday the launch of its website, [FixtoFlip.com](http://FixtoFlip.com).

FixtoFlip.com is a member-based, online community that provides members with the tools and systems used by seasoned real estate flippers to not only track the progress of a property and accurately project the profit of a flip, but to determine the viability of a property *prior* to sale. The website features preconfigured forms for evaluation and planning, and a network of prescreened partners including realtors, lenders, mortgage brokers, contractors, and insurers among others.

“Our mission at FixtoFlip Inc is to create a community that benefits new and seasoned residential flippers, and offers those investors the resources to make fixing and flipping houses easy, enjoyable, and profitable” said Daniel A. Dunleavy, president of FixtoFlip Inc. “Prior to FixtoFlip.com, there was no one place on the web where a prospective flipper in the growing real estate market could come for information. FixtoFlip.com not only provides information but also the hands-on tools needed to flip real estate profitably,” Dunleavy concluded.

Additionally, FixtoFlip.com offers:

- Several levels of membership for investors and flippers of all skill and experience levels, including programs that allow members to list their fixer-uppers on FixtoFlip.com
- Partner programs for service providers who want to market and sell their services to residential flippers
- A commission-based program for licensed real estate agents who refer members and partners to the website
- A community bulletin board for members to exchange ideas and ask questions.

As part of its launch, FixtoFlip is currently offering a 50% discount for new members and partners. For more information on membership or to join as a partner, visit [www.fixtoflip.com](http://www.fixtoflip.com) or send an email to [info@fixtoflip.com](mailto:info@fixtoflip.com).

### **About FixtoFlip Inc**

FixtoFlip Inc was founded in 2006 with the goal of providing residential real estate flippers with the tools, information and resources they need for profitable flipping in one, centralized location. FixtoFlip.com was created as the channel to access all of the benefits that FixtoFlip Inc offers. Market segments that benefit from joining FixtoFlip.com include real estate investors, realtors, lenders, mortgage brokers, insurance agents, landscapers, contractors, lawyers, and property inspectors. FixtoFlip.com provides the clear plans, tools and partnerships to facilitate success, helping members buy, refurbish and flip properties for profit.
